Supplementary Agreement between Torrent Power limited and solar roof top PV project owner- Non Residential consumers and Residential Owners without Subsidy

Net Metering Inter Connection agreement for Additional Solar Capacity

This Agreement is made and entered into at (location) _____ on this date: _____ day of _____ month _____ year between the Consumer, by the name of _____, Service Number: _____ having premises at (address) _____ as first party.

AND

Torrent Power Limited, Company registered under the Companies Act 1956/2013 and functioning as the "Distribution Licensee" under the Electricity Act 2003 having its Head Office at "Samanvay", 600 Tapovan, Ambawadi, Ahmedabad-15 (hereinafter referred to as TPL or Distribution Licensee which expression shall include its permitted assigns and successors) a Party of the Second Part.

AND, WHEREAS _____ (name of the consumer) desires to set-up such Solar photovoltaic Rooftop System of _____ kW in addition to existing installed Rooftop solar capacity of _____ KW. (Total Capacity: _____ KW) at _____ connected with TPL's grid at _____ voltage level for his/her/its own use within the same premises.

WHEREAS, the project for developing and setting up of additional Rooftop solar capacity of _____ KW registered vide letter dated _____, over and above existing capacity of _____ KW, under Gujarat Solar Power Policy – 2015 and G.R. No. SLR-11/2015/401/B1 dated 5th August, 2019 issued by Energy and Petrochemicals Department (GoG) -SURYA -GUJARAT scheme at his/her/its premises.

And whereas, the Distribution Licensee has already provided Grid connectivity to solar rooftop system with **existing solar capacity** of _____ KW on date: _____ and also agrees to provide grid connectivity to the Consumer for injection of the electricity generated from his Rooftop Solar PV System of **additional solar capacity** of _____ KW, aggregating **Total capacity** of _____ KW into the power system of Distribution Licensee and as per conditions of this agreement and in compliance with the applicable Policy / rules / Regulations / Codes (as amended from time to time)-

All conditions are applicable as per Pre-Existing Solar PPA of initial capacity commissioned on _____, except rate of purchase of surplus power and life span of the project which will be as defined below.

For Non-Residential / Residential Without Subsidy of additional solar capacity

- a) The life span of the Total installed solar system (C) (Initial installed capacity (A) + Additional installed capacity (B)) shall be considered 25 years from the release date of initial installed generation capacity (A).
- b) Applicable rate of purchase on surplus generated power from “additional installed capacity (B)” will be at the Average Pooled Power Purchase Cost (APPC) or at the lowest rate discovered through competitive bidding process anywhere in India and available on 1st day of financial year for the project commissioned during April to September and available on 1st day of October for projects commissioned during October to march, whichever is lower (b).

So, As per letter no. GEDA/Dy.Director/Discoms/2017-18/26536 issued by Gujarat Energy Development Agency dated on 13th March 2018, the rate of purchase of surplus power from Total installed solar system (C) for the entire life span will be the weighted average of the rates (i.e. weighted average of rates (a) for initial installed capacity (A) and that of (b) for additional installed capacity (B)) for 25 years from the release date of initial installed generation capacity (A).

Example:-

Rate of purchase of additional Power from initial installed capacity (A) = Rs. 3.22/unit (a)

Rate of purchase of additional Power from additional installed capacity (B) = Rs. 2.55/unit (b)

Rate of purchase of additional Power from total installed solar system (c) = $\frac{(A \times a) + (B \times b)}{(A + B)}$
