

(Notarized Indemnity bond on Rs. 100/- Stamp paper)

Undertaking to process solar application under provisional net metering arrangement for All Non-Residential and more than 10 KW Residential Solar Applicant.

I/We, _____ am/are the bonafide owner/occupier of the property having meter connection with service no. _____ at _____ (address). The sanctioned load for this service is _____ kW and is used for residential purpose.

I/We have applied for rooftop solar of _____ kW vide GUVNL/GEDA application no. _____ dated: _____.

I/We am/are made aware of the Ministry of Power Notification dated 31.12.2020, regarding "Electricity (Rights of Consumers) Rules, 2020", which provides for gross metering for loads above 10 kW.

I/We request M/s Torrent Power Limited to proceed further with my/our application of solar rooftop plant under provisional net metering arrangement.

I/We request Torrent Power Limited to execute provisional net metering grid connectivity agreement at present. I/ We also undertake that this agreement will be further amended, if required, in the future in accordance with the applicable Regulatory framework/order or any other statutory development and I/We will abide by the same. I also agree to pay the estimate/quotation amount as issued by Torrent Power Limited, which will include the actual cost incurred for metering infrastructure, as and when required.
